MYSORE TRAFFIC BOARD

Dear Sri Sidde Gowda,

3 I write to say that the Home Minister, when visited Hosakote on 28-8-48 issued certain instructions of the improvement of the Bus stand and according to his instructions, the Executive Engineer has prepared a plan xxxix (Flag A) and forwarded the same to the President, Municipal Council, Hosakote The Municipal Council is not agreable to aporove the plan as, it affects the the income of the Municipality by way of rent on the Bus Stand Shops, which is Rs 2800/- a year Moreover, if the plan as suggested by the Executive Engineer is accepted, the symmetry of the shop buildings constructed near the present Bus Stand, which was designed by Mr Krumbigal, former Govt Architect can not be maintained In addition, the construction of three shops will have to be abanconed which means loss of revenue to the Municipality

4 To avoid all the above, and also to provide a Bus Stand in front of the " Waiting Shed " the Municipal President has furnished a plan (Flag B) The Council is agreable to bear the cost of putting the road in front of the shops and also to enlarge the " Oval " at the cost of Municipal funds I am of opinion that the plan as suggested by the Municipal President is acceptable

5 In the above circumstances I request you kindly to place the records before the Hon'ble Minister and to obtain his approval for the construction of the Bus stand as per plan furnished by the President In anticipation of the kind approval of the Minister, I have asked the Municipal Council to go forward with the construction of shop buildings as the Municipal Council are pressing for an early decision.

Yours sincerely
K Seshagiri Rao
